

Learning Journey for Maths Entry Level 2

Next journey stage:
Entry Level 3

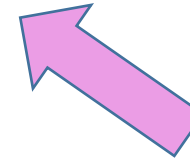

Know the seasons and months and their order
Read the time to the nearest five minutes on an analogue and digital clock, draw the hands on a clock to show the time, and read any time on a digital clock
Find the difference between two times given in hours, half hours and quarter hours
Work with length, capacity and weight
Measure or draw a length using a ruler
Convert from pence to pounds and vice versa
Work with coins and notes
Give change
Recognise, name and describe the properties of 2D and 3D shapes
Understand angle as a measure of turn
Use and interpret lists, tally charts and tables and pictograms simple tables, diagrams, lists and graphs

Skills in Entry Level will be revisited and built upon in the next stages of the Learning Journey.

Count in fractions of one half or one third or one quarter
Work out amounts two, three or four times the size of a given amount
Recognise equivalence of $\frac{1}{2}$ and $\frac{2}{4}$

Read, write, order, compare add and subtract and round to the nearest 10 numbers up to 100
Count from 0 in steps of two, three and five
Understand and identify odd and even numbers
Multiply using single digit whole numbers
Use and interpret +, -, × and = in real-life situations for solving problems
Recall and use multiplication facts for the 2, 5 and 10 multiplication table
